

# ROOM 4 CLASSROOM NEWSLETTER

FEBRUARY 2025  
MRS. JAYLENE & MS. TRE

## WHAT WE LEARNED

Happy February! This month we'll focus on introducing and identifying simple one-word objects to help expand vocabulary and encourage language development. Activities will include:

- Object Recognition: We'll use toys, books, and everyday items to teach the names of common objects like "ball," "block," "book," "car," and "cup."
- Songs and Rhymes: Singing simple songs with repetitive words to reinforce object names.
- Interactive Play: Encouraging pointing and labeling during playtime to help children begin to associate words with objects in their environment.

Throughout the month, we'll keep the activities fun, interactive, and hands-on to help the children start recognizing and naming familiar objects in their world!
