## NEWSLETTER

March 2025

### WHAT'S NEW:

Spring is in the air, and our little ones are ready to grow, learn, and explore! March will be full of exciting activities. As the weather starts to warm up, we'll be introducing springtime themes to encourage sensory exploration. As the weather gets warmer, spend a little time outside each day. Doing so can be an excellent way to introduce your little one to the sights, sounds, and smells of spring!

### UPCOMING EVENTS

- March 17th: St. Patrick's Day
- March 20th: First Day of Spring!
