

# April 2026 Newsletter

## Room 11

**What an exciting month April will be! We will be talking about WOYC, Space, Earth Day/Recycling, and Insects. The children know the difference between the front, back, and spine of a book. They also know what an Author and Illustrator do. They are getting better at recognizing where pieces fit in a puzzle. We are looking forward to our Easter Egg Hunt. The information about the Easter Egg Hunt will be posted on the door of the classroom. Parents are welcome.**
