

CLASSROOM NEWSLETTER

JUNE 2026

What We Learned

5B

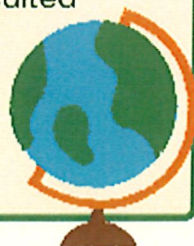

Older babies in suite 5B are doing great with all their classroom transitions. Adapting to one nap can be challenging but everyone is doing awesome.

5A

Our younger 5A group is doing great with feeding transitions. We are starting to see a majority of our babies hitting that 1 year mark as well. We will continue to introduce the transitions that come with turning one. Please let us know if you need any guidance on the next steps for your baby

All

We hope youve enjoyed taking home recent art projects. Keep an eye out for more fun and learning coming your way this summer as we dive into our summer curriculum more suited for our growing minds

Reminders

Children in 5B older than 1 year of age are being asked to provide a small blanket for nap time. Please update your child's cubby bin to ensure we have plenty of extra clothes for warm weather. As always, please continue to label everything that you bring in for your child to avoid mixups and lost items

Upcoming Events

- 6/5 Parents night out
- 6/19 -Closed for Juneteenth

Class Birthdays
