JULY 2026

What We Learned

5B

Babies in suite 5B are enjoying making more art projects and spending time outdoors. Please make sure to provide sunscreen and insect repellent, and send shoes every day.

5A

We continue to work towards transitions to new schedules to prepare for move ups. Everyone is learning to drink from sippy cups, transitioning to one nap per day, and eating meals at school schedule times. We expect this to be a slow transition and will continue providing support as needed

Reminders

Children in 5B older than 1 year of age are being asked to provide a small blanket for nap time. Please update your child's cubby bin to ensure we have plenty of extra clothes for warm weather. As always, please continue to label everything that you bring in for your child to avoid mixups and lost items

Upcoming Events

- 7/3-Closed for Independence day

Class Birthdays

Wesley 7/17

Mia 7/20

Archie 7/31
