

CLASS NEWSLETTER

Room 5A - Ms. Rylee

This Month

Individualized lesson plans will go out for each child.

The goal is to work with each child on their own developmental needs.

Many children in our class are the same age or on the same developmental level so plenty of activities will be group activities that everyone will participate in.

As children continue adjusting to school, we will also begin encouraging more routine, independent sleeping, and schedule alignment. I can't wait to see how great everyone does!

Reminders

- Please be sure to always label everything that you bring in for your child to avoid lost items and mixups.
- The carseat room is available to anyone needing to leave a carseat for the day

Class Highlights

Awesome job to all of our new friends who joined our class in August. Everyone did so well adjusting to school. We have had an excellent time getting to know each other and I am so excited to keep building bonds and helping your little ones achieve their next goals!

Looking Ahead

Please mark your calendars for these upcoming events:

Monday September 7,
closed for labor day

Friday September 11,
parents night out
