

CLASS NEWSLETTER

Room 5A - Ms. Rylee

This Month

-October-

I can't believe its October already! This month we are excited to dive into new activities to continue to support your child's growing minds and bodies.

Our students are quickly progressing and hitting milestones and ready for the next steps in their adventures. This month we will be adding new fun art projects and specifically working on gross motor skills.

We will be spending a lot of time on the floor, encouraging our little ones to move their bodies and explore their environment.

Reminders

- Please be sure to always label everything that you bring in for your child.
- Please check your cubby bins to ensure your child has spare clothes appropriate for the weather change.

Class Highlights

A big welcome to new friends that join our class this month. Jacob and Thomas, we are so excited to have you in our class this year

Looking Ahead

Please mark your calendars for these upcoming events:
